

DIU STUDENT GUIDE

How to Activate Google AI Pro for free for 12 Months

Student Offer – Step-by-Step Instructions

[Google AI Pro Link](#)

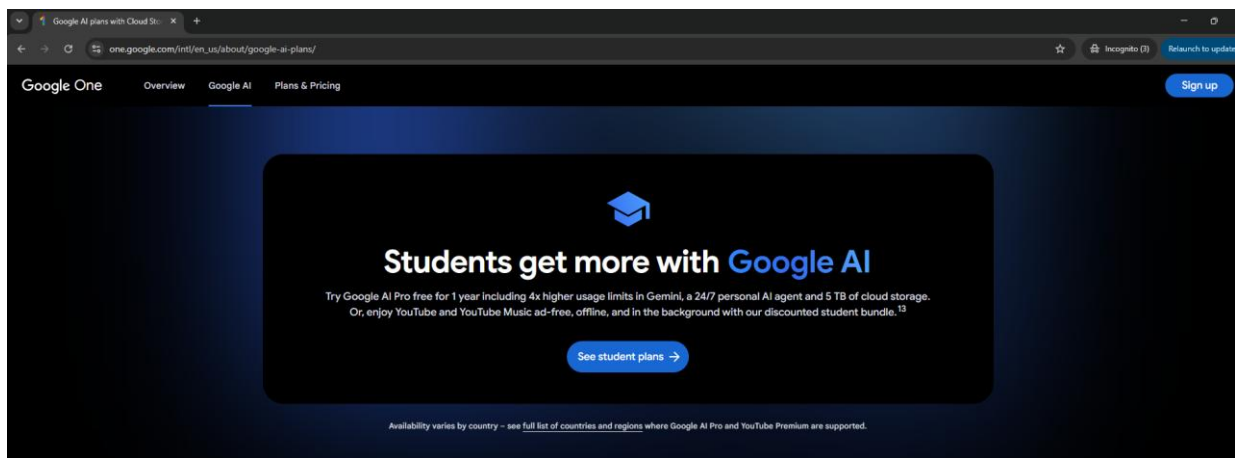

Figure 1. Google student offer page shown in the supplied DIU material.

IMPORTANT: This guide is based on the Google AI Pro student offer and screenshots supplied by DIU. Google may change eligibility, pricing, verification requirements, benefits, or deadlines. Always review the terms displayed on Google's official page before confirming activation.

1. What You Need

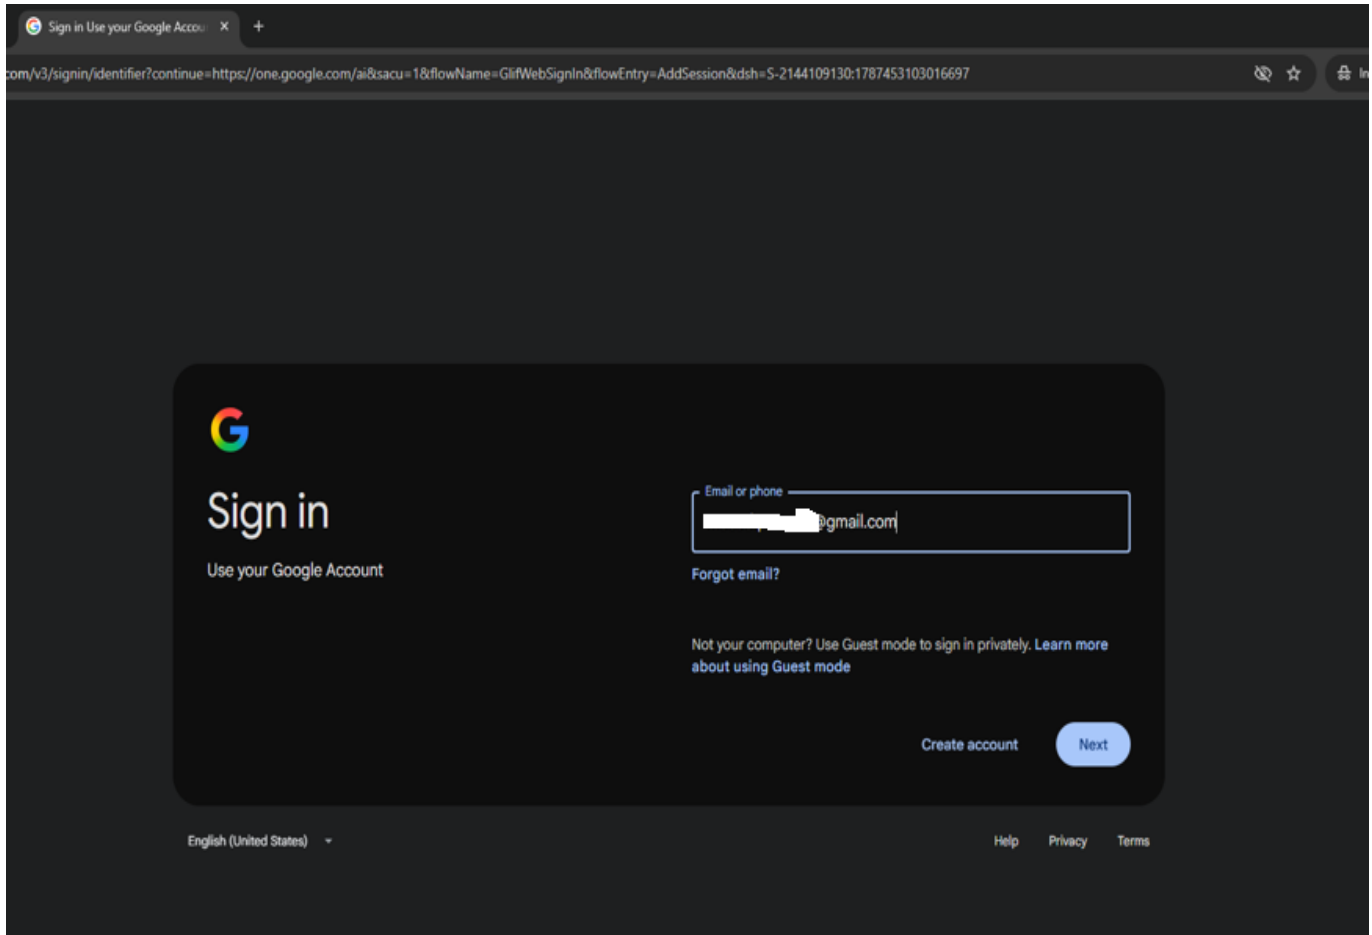

- A personal Google/Gmail account – use the account where you want the offer to be activated.
- Your active DIU student email/account for student verification.
- A valid Multicurrency debit or credit card if Google requests a payment method during activation.
- Access to a browser and a stable internet connection.

2. Start the Student Offer

Go to the Google student offer page and select the student-plan option.

Use the official Google page shown in the supplied material. Do not use links received from unknown sources.

3. Verify Your Organization (Daffodil International University)

Verify your student status

Confirm that you're enrolled at an institution of higher education

[How does verifying work?](#)

Congrats, you've been verified

You can now finish subscribing to a Google student offer. If you already have a subscription, your student status will be extended for another year.

Continue

SheerID handles verification only. Now that you've been approved, please direct all questions about the promotion terms to Google One customer service.

5. Review of the Available Student Plan

Review the plan details carefully before proceeding. The supplied screenshot shows a Google AI Pro student offer and other university student plans.

6. Add a Payment Method When Requested

Google may ask you to add a **multicurrency credit/debit card** to activate the subscription. Enter payment details only on the official Google subscription page.

The screenshot shows the Google AI Pro Student Offer activation page. A modal titled "Add credit or debit card" is open, requiring the following information:

- Card number (required)
- MM/YY (required)
- Security code (required)
- Cardholder name (required)
- Street address (required)
- Apt, suite, etc. (optional)
- City (required)
- Postal code (required)

The background shows two offers:

- Google AI Plus**: at no cost for 12 months¹. BDT 0/mo, BDT 600 for 12 months, BDT 400/mo after. Includes Research and exam prep, Writing help and career prep, Effortless content creation, and 400 GB storage.
- Google AI Pro**: 74% off Google AI Pro with YouTube Premium¹. BDT 700/mo, BDT 2,779 up to 4 years, BDT 2,500/mo after¹. Includes Deeper research and exam prep, Expanded writing help and career prep, Supercharged content creation, and Faster code and projects builds.

Before confirming, check the displayed promotional price, duration, and upcoming-charge information. Keep a record of the renewal date if a payment method is added.

7. Review Subscription and Upcoming Charges

The supplied material shows a subscription confirmation screen with upcoming-charge information. Read this screen carefully before clicking Subscribe. **You can Cancel any time in subscription on google play.**

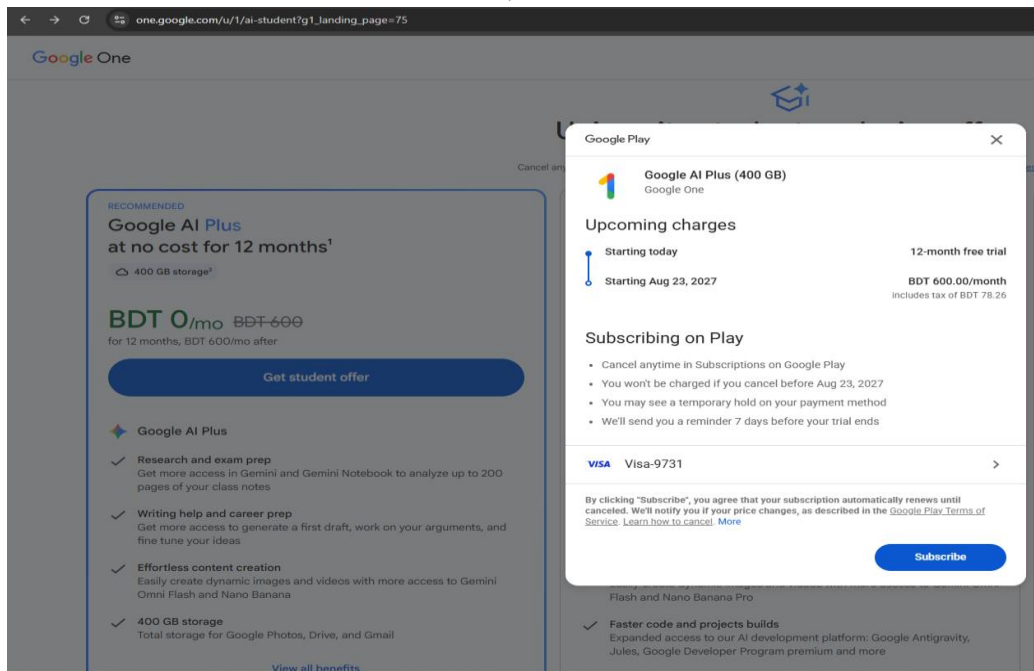

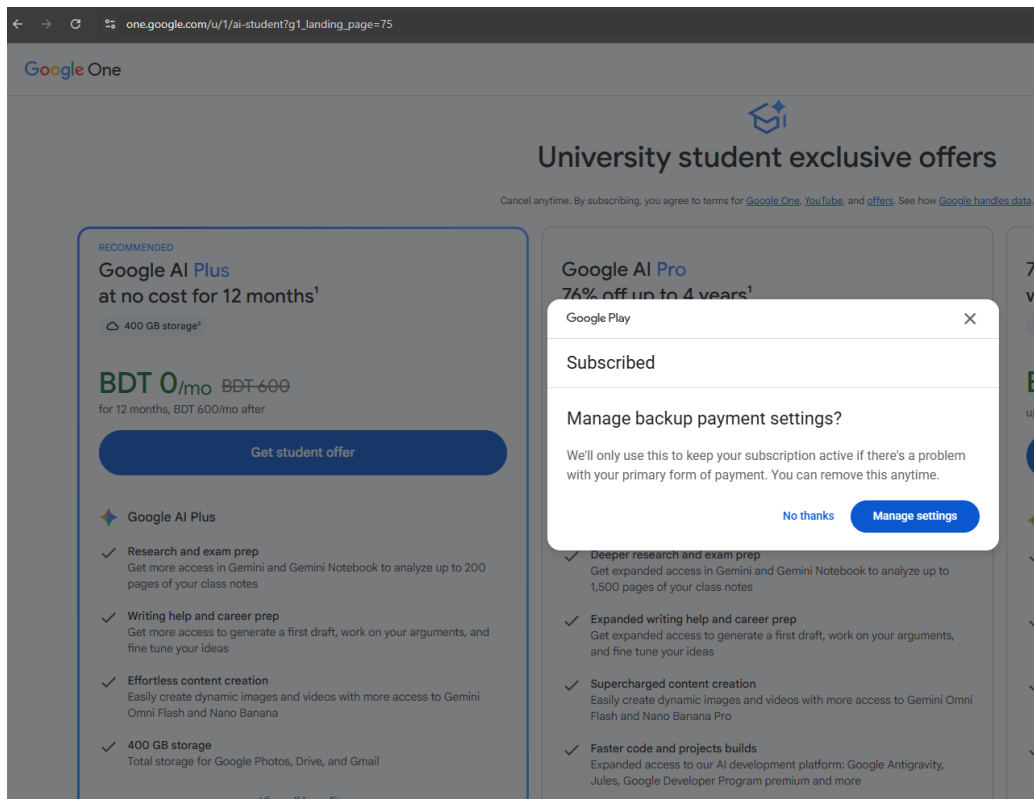

Figure 7. Subscription details and upcoming charges.

8. Manage Backup Payment Settings if Prompted

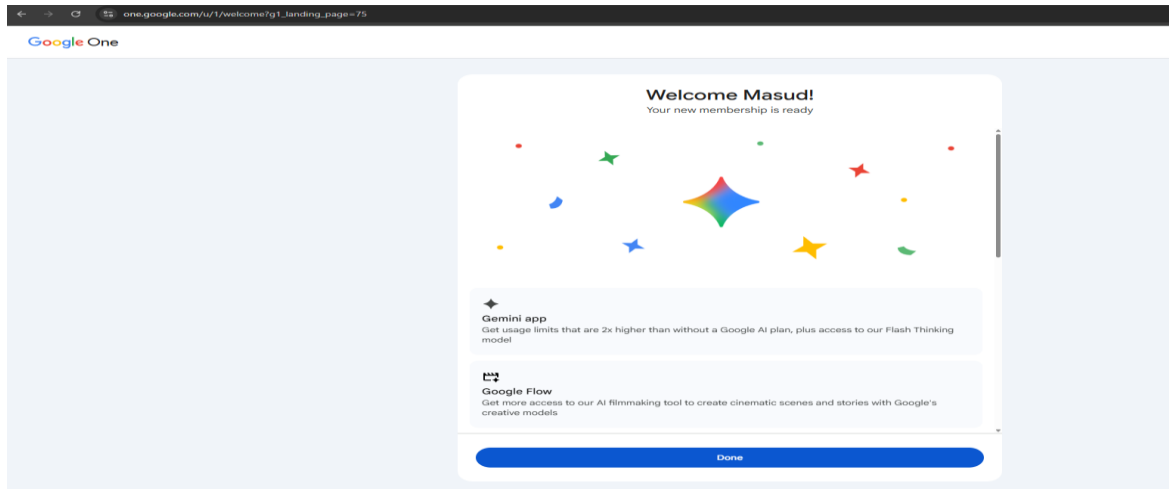

If Google displays a backup-payment or payment-management prompt, review the options and proceed only when you understand the settings.

9. Complete Activation

After successful activation, open Gemini using the same personal Google account. The supplied material shows a welcome/activation screen after the subscription process.

10. Confirm Your Google AI Plan

Open Google One and check the account's plan/benefits section. Confirm that the Google AI plan is associated with the same personal Google account used for activation.
